

Four MAUI “Course Offerings” Reports Used for Course Planning

1. Course Section Level – Course Enrollment Cross Tab Comparison

The report displays enrollment counts with cross-tab comparison of Early registration, Day 1, Census, and End of Session snapshots.

https://reports.maui.uiowa.edu/reportviewer/reportviewer.aspx?path=/Registrar/reports/maui_courseEnrollment_crossTab

2. Course Section Level – Multiple Sessions: MAUI Course Enrollment Trend

This report shows current and opt enrollment counts at the course section level for one or multiple sessions and selections can be made on the snapshot type and date(s).

https://reports.maui.uiowa.edu/reportviewer/reportviewer.aspx?path=/Registrar/reports/maui_courseEnrollment

3. Course Level – Multiple Sessions: MAUI Historical Course Enrollment Counts

This report shows current and opt enrollment counts at the course level for one or multiple sessions using census and daily snapshots.

https://reports.maui.uiowa.edu/reportviewer/reportviewer.aspx?path=/Registrar/reports/reg_9977_historicalCrseEnrollment

4. Course Section Level – Single Session: MAUI - Schedule Builder Counts

This report shows counts by course section and includes Schedule Builder Course Cart, Unsatisfied Waitlist, Registration Status, Enrollments, Room Number/Capacity, and Primary Instructor. Selections can be made by course subject and registration status.
